A well-maintained corner-plot villa built and lovingly cared for by its original owners over 23 years. Offering generous accommodation across three levels, with a distinctive façade blending white render and natural limestone cladding — giving the property standout curb appeal from two street frontages.

The main residence spans 310 m² across two floors with four bedrooms, including one ensuite, and three bathrooms. The layout is practical and spacious, with mature landscaping providing privacy within the enclosed perimeter garden on a 623 m² corner plot.

The basement level adds a further ~70 m² with its own bedroom, bathroom, and second kitchen — ideal as a self-contained guest suite, extended family accommodation, or income-generating unit.

The generous plot offers ample space to install a swimming pool, giving buyers the opportunity to add significant value and create the outdoor lifestyle so suited to the Cyprus climate.
